

# Canada Fresh Fruit and Vegetable Inspection Certificate

(Form S5)

Electronic Format

## Product Description

Product description divided into two areas. The first area consists of a generated statement from the information entered about the product by the inspector. The second area contains additional information that did not appear in the generated statement (i.e., name and address of the shipper, packer, or country of origin). This area may contain a colour and or maturity statement. Colour descriptions may include cleanliness, washed or waxed. Maturity describes horticultural maturity.

Inspector/Inspecteur: _____			

**Applicant**  
Person requesting the inspection. Full name & address.

**Shipper**  
From manifest.

**Total Fee**  
The total cost of the inspection including applicable taxes.

**Where Inspected**  
Exact location of lot at time of inspection.

**Consignee**  
Receiver of lot.

**Permanent Defects**  
Statement summarizing the averages and ranges of permanent defects scored.

**Temperatures**

*Pulp Temperature 1*- The first product temperature taken, generally taken at the top of the container or load.

*Pulp Temperature 2*- The second product temperature taken, generally taken near the bottom of the container or load.

*Warehouse*- The temperature of the room where the product was stored at the time of sampling for inspection.

*Outside*- The actual outside temperature.

*Vehicle*- The temperature of the vehicle the product is presented for inspection in or being placed into.

**Condition**  
Statement summarizing the averages and ranges of condition defects scored.

**Certification**  
Indicates if a lot meets or fails to meet requirements of the Fresh Fruit & Vegetable Regulations or indicates if and how inspection was conducted.

**Inspector Information**  
The inspector's name, facsimile signature and inspector's code.
